Full Year Trading Update

Full Year Earnings performance ahead of expectations

FIH group plc ("FIH"), the AIM quoted international specialist services group with businesses in the Falkland Islands and UK, is pleased to provide an update on the Group's trading performance for the year ended 31 March 2019.

Margins at Momart have continued to improve during the year, and in addition, a provision for a potential claim, made in the March 2018 accounts, has now been able to be released.

As a result, the board expects that subject to the completion of the audit, the Group will deliver a Pre-Tax profit that will exceed market expectations by a comfortable margin.

In line with our normal practice, we will publish our annual report and accounts in mid-June.
